Notwithstanding G.S. 105-449.80, the 5 motor fuel excise tax rate for an establishment to which permits may be issued pursuant to 6 G.S. 18B-1006(n1), as enacted by this act, is twenty four cents  $(24\phi)$  twenty-six cents  $(26\phi)$  per gallon. The Revenue Laws Study Committee shall annually compare the motor fuel excise tax 7 8 rate imposed by this section with the rate levied by the State of South Carolina on motor fuels 9 and may recommend a change in the rate imposed by this section to an amount no greater than 10 the rate then in effect for the State of South Carolina. An establishment designated as a special 11 class of property by this section may obtain monthly refunds on the difference between the 12 motor fuel excise tax imposed under G.S. 105-449.80 and the motor fuel excise tax imposed by 13 this section. The Department shall calculate for each calendar year the difference between the 14 motor fuel excise tax that would have been imposed under G.S. 105-449.80 on the motor fuel 15 sold by an establishment classified by this section in the absence of this classification and the 16 motor fuel excise tax that was imposed on the motor fuel sold by the establishment due to the 17 classification. The difference in taxes, together with any interest, penalties, or costs that may 18 accrue thereon, are a lien on the real property underlying the establishment as provided in 19 G.S. 105-355(a). The difference in taxes shall be carried forward in the records of the 20 Department as deferred taxes. The deferred taxes for the preceding three calendar years are due 21 and payable on the day this subsection becomes ineffective due to the occurrence of a 22 disqualifying event; provided, however, the amount collected for deferred taxes pursuant to this 23 subsection does not exceed the tax value of the property. A disqualifying event occurs when the 24 title to the real property underlying the establishment is transferred to a new owner. A lien for 25 deferred taxes is extinguished when the amount required by this subsection is paid."

The Revenue Laws Study Committee shall annually compare the motor fuel excise tax 35 rate imposed by this section with the rate levied by the State of South Carolina on motor fuels 36 and may recommend a change in the rate imposed by this section to an amount no greater than 37 the rate then in effect for the State of South Carolina. An establishment designated as a special 38 class of property by this section may obtain monthly refunds on the difference between the 39 motor fuel excise tax imposed under G.S. 105-449.80 and the motor fuel excise tax imposed by 40 this section. The Department shall calculate for each calendar year the difference between the 41 motor fuel excise tax that would have been imposed under G.S. 105-449.80 on the motor fuel 42 sold by an establishment classified by this section in the absence of this classification and the 43 motor fuel excise tax that was imposed on the motor fuel sold by the establishment due to the 44 classification. The difference in taxes, together with any interest, penalties, or costs that may accrue thereon, are a lien on the real property underlying the establishment as provided in 45 46 G.S. 105-355(a). The difference in taxes shall be carried forward in the records of the 47 Department as deferred taxes. The deferred taxes for the preceding three calendar years are due 48 and payable on the day this subsection becomes ineffective due to the occurrence of a 49 disqualifying event; provided, however, the amount collected for deferred taxes pursuant to this 50 subsection does not exceed the tax value of the property.
