ALICIA GILLESKIE SERVES AS SPECIAL GUEST SPEAKER IN A WEBINAR PRESENTATION WITH CALIFORNIA-BASED CHECK POINT SOFTWARE TECHNOLOGIES AND RTP-BASED SECURE ENTERPRISE COMPUTING

05.20.2010

Raleigh, NC (May 20, 2010) - Smith Anderson attorney Alicia Gilleskie presented the “Top 3 Privacy Concerns for Corporations*” in a webinar program entitled “Check Point Introduces Abra: A Secure Virtual Workspace that changes the way mobile users work.” Ms. Gilleskie’s presentation featured a discussion on the burgeoning area of information privacy and security law, cloud computing and data breach notification. During the webinar, Check Point Software and Secure Enterprise Computing introduced Abra, a secure virtual workspace that allows mobile technology users to take their office anywhere.

**Smith Anderson’s participation in this presentation did not constitute any sponsorship, promotion, approval, or endorsement of any product or service.*
